Hello Bladimir,

I hope this email finds you well. I have received a request for a clean up of trash and a burnt RV, the nearest address is [654 S Myers St, Los Angeles, CA 90023](#). The street is Mission Road and Jesse Street. Per Alfredo Zaldivar, "This waste can potentially be COVID contaminated and is near the contractor's work site on NOS 8."

Please let me if you have any questions.

Hi Tonya,

The location of the burnt RV and homeless trash left behind is on the street on public right away. It is near the project trailer offices. It is my understanding that the contractor can not fence off the area because it not part of the project.

I will double-check with the project engineer and see if this area can be fenced. I will follow up with you as soon as I have an update.

Best,

Olga Morales
